

Ride With Yourself

Rhino Bucket

Queen of denial, sex plain Jane

I'm a little bit crazy, but you're insane

Two lane highway, take the middle lane

Forever in hurry, always being late

Walk like a lady, talking like a man

You say that you're a princess, but they call you a madame

Take a long, long ride with yourself

Do you like the company

Take a long, long ride with yourself

Do you like what you see

Teasin' old men, pleasin' little boys

You say that you're discrete

But you're makin' too much noise

Run up a tab, pullin' down your top

You say it's time to party

But you don't know when to stop

Take a long, long ride with yourself

Do you like the company

Take a long, long ride with yourself

Do you like what you see

Take a long, long ride with yourself

Take a long, long ride

Take a long, long ride

Solo

Take a long, long ride with yourself

Do you like the company

Take a long, long ride with yourself

Do you like what you see

Take a long, long ride with yourself

Take a long, long ride

Take a long, long ride

Take a long, long ride (ride with yourself)

Take a long, long ride (ride with yourself)

Do you like what you see (ride with yourself)

Take a long ride (ride with yourself)

Take a long, long ride (ride with yourself)

Let's see how you ride (ride with yourself)

Take a long ride (ride with yourself)

Well you can ride on this (ride with yourself)
