

The Hardest Town

Rhino Bucket

I'm looking for money, I'm living in dirt
Something for nothing, 'cause that's all it's worth
I'm looking for pocket change
'Cause everything always stays the same
You're living for free, and then you got none
Don't ask for me, 'cause I got some
This is the hardest town
This is the hardest town
This is the hardest town
This is the only town I know
I got me a woman, she got her spice
She's going to sell it, and buy something nice
Picks up the pocket change, says she loves me just the same
Livin' for free, then you got none
Don't ask for me 'case I got some
This is the hardest town
This is the hardest town
This is the hardest town
This is the only town I know
