

Breathe

Rhodes

Mind break in two,
There's a light in the sky, there's a light
And it's all for you
Done, colors all
Tell me how do you feel?
Tell me how do you need to heal?

Are you holding your breath again?
Are you holding your breath again?
Breathe, release it all
Come on now, I'll keep you warm
Come on!
Breathe, release it all
Come on now, I need your love
Come on now!

I'll steer the wind, don't you move
When he carries me, he only carry me close to you
Don't, loose your side
When the fire in your heart takes a hold of your life

Are you holding your breath again?
Are you holding your breath again?
Breathe, release it all
Come on now, I'll keep you warm
Come on!
Breathe, release it all
Come on now, I need your love
Come on now!

Never give up, never give up
Never give up, never give up,
Never give up, never give up
Never give up, never give up,

BREATHE, release it all
Come on now, I'll keep you warm
BREATHE, release it all
Come on now, I need your love
Come on now!
There's another talking
Come on now!
It's the love talking
Come on now!
It's the love talk to you
BREATHE, release it all
