Missouri Moon

Rhonda Vincent

There's a full moon out tonight all the stars are shining bright the same way that they used to do. And it reminds me of the night we fell in love Beneath that old Missouri moon. Chorus

Who'd have ever thought we'd end this way As I watch you go the tears are rolling down my face. Who'd have ever thought I'd be so blue As I cry beneath that old Missouri moon.

I can't remember when it started to begin That I gave my heart away to you And then when we touched I have never felt so much It was in that moment that I knew. Repeat Chorus

As I cry beneath that old Missouri moon Missouri moon, Missouri moon.
