And all I know is girl I'll owe 100, 100, 100 favors

Drowning in that pussy, and I'm a soul survivor

Peachie yellow mango, I love to drink juice
Owe her 100 favors, I call her my 100 proof

[Hook]

[Verse 2: Birdman]

Prices with the life, rollin on them dice
Spent a mill on a flight
Flew back and she bounce back
High speed, all go
Lord of the ring, we live that life big time
Big time, 100 times I gave my bitch the sunshine
Harley davis, harley davis,
When I came I gave my bitch 100 favors
And then we ball at the mall
Did it all stand tall where we left off
100 favors, you know the label
Lay back in the maybach, you can't fade us

[Hook]
