[Verse 2: Birdman]

Prices with the life, rollin on them dice  
Spent a mill on a flight  
Flew back and she bounce back  
High speed, all go  
Lord of the ring, we live that life big time  
Big time, 100 times I gave my bitch the sunshine  
Harley davis, harley davis,  
When I came I gave my bitch 100 favors  
And then we ball at the mall  
Did it all stand tall where we left off  
100 favors, you know the label  
Lay back in the maybach, you can't fade us

[Hook]
