They say the smartest thing you can do is sign yourself... So I did it.  
And that might of been the best thing I ever did

I got a bank like an investor, I'm a CEO the game  
And they hate cuz I'm successful for myself I made a name  
Niggas said that they would help you but they really all the same  
And I finally realized that  
These Niggas just want to see me down,  
Want to see me fall  
Want to see me down and fucked up  
Hope to god I'm dead and locked up  
Niggas just want to see me down,  
Want to see me fall  
Want to see me down and fucked up  
Prayin' to god I'm dead and locked up

Hate cuz I'm successful, pray bcuz I'm that nigga  
These bitches tryna cherish they moments so they taking pictures  
Had to get a young fuck nigga straight but I can't say the issue  
I'm so hungry for a plate that I ate the grissel  
I earned my black shirt and white stripes to make it official  
And I made yo ass famous I hate that I dissed you  
Don't play with that pistol if you ain't gon' use it ho  
And I signed myself pound sign music flow

I got a bank like an investor, I'm a CEO the game  
And they hate cuz I'm successful for myself I made a name  
These niggas said that they would help you but they really all the same  
And I finally realized that  
Niggas just want to see me down,  
Want to see me fall  
Want to see me down and fucked up  
Hope to god I'm dead and locked up  
Niggas just want to see me down,  
Want to see me fall  
Want to see me down and fucked up  
Prayin' to god I'm dead and locked up

I just spent 10 months off in Dekalb and I ain't never goin' back  
I swear yall don't the half about me  
I kiss my mama and hug my dad  
And say my prayers and tuck my gat  
I swear yall don't know the half about me-e  
I got blessed bcuz I never had shit  
And got wrecked from staying out of Second  
I got head from a bitch named Sandy  
And forgot everything shoutout to the Xanex  
These niggas pure pussy, I see it in they faces  
Buckin' on these niggas like I'm smoking weed on probation  
Don't ask me if I'm with them, I be with them Haitians  
And I'm fresh as hell number 3 in the nation  
Everybody got the beat oh my god he crazy  
I'm still goin' crazy  
That's just bad business  
Need I past tense it  
I already did it  
Make my young niggas take that, like I fuck with Diddy

You rather fuck ugly hoes for a pretty penny  
Meanwhile I'm still goin' in on these bitch niggas

I got a bank like an investor, I'm a CEO the game  
And they hate cuz I'm successful for myself I made a name  
Niggas said that they would help you but they really all the same  
And I finally realized that
