Rich Homie Quan

Coped 14 hunid in the Keystone  
We plan a nigga jet 2 shirts  
Got a front on the way like a beeper  
Keep playn, nigga, you will get hurt  
Got a bitch named Nina love to squeeze her  
Got a partner named Bone with the work  
And I still have money in the freezer  
I'm straight on the molly, but I might pop a purp

I got a whole lotta pro'lems, go and get it  
I really get money easy how niggas be talkin'  
Got the top dropped off and I'm speedin'  
Got a new car, hardly remember how I'm walkin'  
Got a pocket full o' that Monica  
So much money that I had to get an office  
Pull up a chair cause you know we eatin'  
That 30 on my wrist shine, niggas ain't poppin'  
Cause I came from the bottom just to make it to the top  
You can hear the pain when I holla  
I won't change and I can't stop  
I'm givin' it to ye niggas, I'm livin' it, fuck you niggas  
My pimpin', she fuckin' wid it  
Checkin' it, don't trap these niggas, baby

I done did some fucked up shit  
I done did a lot of shit in this  
I dropped down to my knees and thanked you, Lord  
Made me my anthem, now one day I take it for granted  
But I'm a cherish this moment  
Cherish this moment  
Cherish this moment  
Say I'm gon' cherish this moment  
Cherish this moment  
Cherish this moment  
I'm a cherish this moment  
Cherish this moment

On my hip whyle yooley keep the pistol  
No young nigga shootin' like that  
And that pull-back off with his system  
Holla white lookin' like that  
And I shoot that nigga like the clippa  
35 junk shot make him fall back  
Anotha bitch give a fuck I'm in there  
Nat nat nigga whomeva call that  
That that mushy all nigga wet  
I'm starvin' tryna get a mill  
I pull everything, I blast  
Sittin' on forgeries, sittin' on a rim  
Got yo pay mommas in my lap  
Whachya mad cause a hoe really wanna do me?  
Damn, I said 100 1 niggas for me  
Fly told me that  
In the muddy water only get killed  
No if, or bus about it  
I'm neva scared, I trust a.40  
And I pray I make it to heaven

And I know that God listenin'  
Despite how much I go to church  
I'm still singin' Lord Forgive ME!

I done did some fucked up shit  
I done did a lot of shit in this  
I dropped down to my knees and thanked you, Lord  
Made me my anthem, now one day I take it for granted  
But I'm a cherish this moment  
Cherish this moment  
Cherish this moment  
Say I'm gon' cherish this moment  
Cherish this moment
