

# A Few Good Men

Rich Mullins

Show me someone who makes a difference  
Show me someone who's brave when he needs to be  
I just need to see someone who cares enough  
That he would risk his life for the love of what he's come to believe

But you say that a man like that wouldn't last in a world like this  
(Man like that)  
Well, I believe that the world won't last if a man like that don't exist  
(Man like that, man like that)  
So I'm looking for a few good men, the brave and strong  
Well, I bow again, Lord I pray, Thy kingdom come

Show me someone who knows how to struggle  
Who isn't caught in the hold of his luxuries  
I just need to see someone who was made for trouble  
Who could come and help shape our destiny

But you say that a man like that wouldn't last in a world like this  
(Man like that)  
Well, I believe that the world won't last if a man like that don't exist  
(Man like that, man like that)  
So I'm looking for a few good men, the brave and strong  
Well, I bow again, Lord I pray, Thy kingdom come

But you say that a man like that wouldn't last in a world like this  
(Man like that)  
Well, I believe that the world won't last if a man like that don't exist  
(Man like that, man like that)  
So I'm looking for a few good men, the brave and strong  
Well, I bow again, Lord I pray, Thy kingdom come

Give me the strong, give me the brave  
Give me the strong, give me the brave  
Give me the strong, give me the brave  
Give me the strong, give me the brave

Though it come with a cross, though it come with the pain  
Let it come, oh Lord, let it come  
(Give me the strong, give me the brave)  
Let it come to our hearts, let it burn in our brains  
Let it come, oh Lord  
(Give me the strong, give me the brave)

Though it come with the blood that the martyrs bleed  
Let it come, oh Lord let it come  
(Give me the strong, give me the brave)  
Let it come with the fury of a love unleashed  
Let it come, oh Lord, oh Lord, let it come  
(Give me the strong, give me the brave)

(Give me the strong give me the brave)  
Oh Lord let it come  
(Give me the strong give me the brave)
