

# Glory

Richard Ashcroft

(It's glory, it's glory, it's glory ..... )  
Glory Hallelulah, I think I'm coming through yeah  
Out of the black, out of the blue  
Out of the old into the new  
Come on pick me up  
Through the night you know you fill my cup  
Bring me light love, you bring me luck  
Yeah it sure feels good  
You bring me luck yeah, it sure feels good

(It's glory - hallelujah.....)  
Now babe, don't get heavy with my soul  
There's so much that I want you to know  
I'm in Fellini's bar - I swear I couldn't get this lost  
Oh now but my time has come  
And this could be what I thought it should have been  
You know you pick me up  
Through the dark, you know you fill my cup  
Bring me light, love, you bring me luck  
Yeah it sure feels good  
You bring me luck, yeah it sure feels good

(It's glory - hallelujah.....)  
Glory Hallelujah, I think I'm coming through, yeah  
Out of the black, out of the blue  
Out of the old into the new  
Come on pick me up  
Through the night you know you fill my cup  
Bring me light love, you bring me luck  
Yeah it sure feels good  
You bring me luck, yeah it sure feels good

(It's glory - hallelujah.....)  
Yeah glory, glory  
Yeah glory, glory  
(It's glory - hallelujah.....)
