

# Precious Stone

Richard Ashcroft

1. Write the book and then we find the pen  
Used to feel like the walls are closing in  
You made decisions that you never thought you could  
You've been crying in the night, yeah, yeah, yeah  
  
You precious stone  
Washed up, feeling low  
Gonna clean you up, make you feel  
Like you know the answer
2. I've got the keys to your jail yeah (with this love)  
A little love never fails yeah (overcome)  
I've got the keys to your jail yeah (with this love)  
A little love never fails yeah
3. You've been all the things that you never thought you were  
You saw the devil in the night and it haunts you  
Don't think about the things you can never answer  
You gotta live, you gotta learn how to love
- R: I say, you precious stone  
Washed up, feeling low  
Gonna clean you up,  
make you shine, make you gleam, yeah  
You precious stone  
Washed up, feeling low  
Gonna clean you up, make you feel  
Like you know the answer
4. I've got the keys to your jail yeah (with this love)  
A little love never fails yeah (overcome)  
I've got the keys to your jail yeah (with this love)  
A little love never fails yeah  
  
You're the one  
With this love  
Overcome  
With this love
- R: I say, you precious stone  
Washed up, feeling low  
Gonna clean you up,  
make you shine, make you glow  
I say, you precious stone  
Washed up, feeling low  
Gonna clean you up,  
make you shine, make you whole  
I say, you precious stone  
On a beach, feeling low  
Gonna clean you up,  
make you shine, make you gleam, yeah  
You precious stone  
Washed up on a beach, yeah  
Gonna clean you up, make you feel

Like you know the answer
