

# Simple Song

Richard Ashcroft

I opened up my eyes  
Swear I saw the light  
Don't you know the truth  
It's so very hard to find

Too much doesn't feel good  
Too much doesn't feel right  
I'm singing (singing), I'm singing (singing)  
I'm singing, singing simple song

Some things die  
To stay alive  
The tears we cried  
We'll drink them from time  
Yeah, I'm happy to feel this way  
Don't know another way  
Happy and feeling right

Oh, it's the only thing that gets me through the night  
I'm not scared, 'cause I know I will survive  
That's right, that's right

Mercy has its place  
I know I made mistakes  
Please open those arms  
Fill me with your grace

Too much doesn't feel good  
Too much doesn't feel right  
I'm singing (singing), I'm singing (singing)  
I'm singing, singing simple song

Some things die  
Just to stay alive  
The tears we cried  
We'll drink 'em from time  
Yeah, I'm happy to feel this way  
Don't know another way  
Happy to feel that right

Oh, it's the only thing that gets me through the night  
I'm not scared, 'cause I know I can survive  
That's right, that's right

Yeah, I'm happy to feel this way  
You know I don't know another way  
(Yes I know I can survive)  
Yeah, I'm happy to feel this way  
( 'cause I know I can survive)  
'Cause I don't know another way  
( 'cause I know I can survive)  
Ohh, my my my my my my my my my my my  
Ohhhhhh my my my my my  
Yeah I know I can surviiiiiiiive  
Yes I know I will surviiiiiiiive  
Oh eh oh eh oh
