

Words Just Get In The Way

Richard Ashcroft

1. When you've given all you've got
And you're feeling overcome
When you're backs against the wall
There's none left to call, call me

2. When you're head is so full
And you feel misunderstood
And the fear is coming fast
You think you're time has past you say why me, why me?

R: If you want it
You know I've got it
Words they just get in the way
If you want it
Oh yeah I've got it
Words they just get in the way
Words they just get in the way
In the way

3. When you're feeling like you've lost
When all you're hope is gone
And the bridge above the river
Is only the beginning of your fall

R: If you want it
Oh yeah I've got it
Words they just get in the way
If you want it
Oh yeah I've got it
Words they just get in the way
Words they just get in the way

R: If you want it...
