**Richard Ashcroft**

we, we have this fight within  
born through circumstance  
XYYYYY me  
if you don't look you cant and fail to see

then we fly my love  
through the stars above  
they'll write out your name when I am alone  
they'll map out my way when im coming home

Fly Sure above  
born to there are to calm

if you see my love tell that im fine  
if you see my love tell that im fine  
if you see my love tell that im fine  
if you see my love tell that im fine  
if you see my love tell that im fine  
if you see my love tell that im fine  
alright
