

## It's Over Love

Richard Hawley

And all those wasted years  
And all those pointless tears  
They're over love  
And all those wasted days  
Are leading us to say  
It's over love  
It's over love  
It's over love  
It's over love

And all those pointless fears  
And all those wasted years  
They're over love  
And all those wasted days  
Are leading us to say  
It's over love  
It's over love  
It's over love  
It's over love  
It's over love  
It's over love
