## Love Of My Life

## **Richard Hawley**

Love, love of my life Speaking so soft to me I wait in the rain Your sin in your eyes Washing all over me

Time, time on my side Wondering sweetly I'm singing your name Your name on my mind You think of it all for me Love in this same old disguise

Love of my life Washing all over me Love in the same old disguise

Love, love of my life Sleeping so softly I burn in the flames The flames of your eyes Waiting all over me

Time, time on my side Whispering sweet to me I'm singing your name Your name on my mind You think of it out for me Love in the same old disguise
