

## Done to Me

Richard Marx

I remember yesterday  
Like it wasn't far away  
And you were by my side

Now it's all a bitter haze  
I don't recognize my face  
And I'm not thinkin' right  
I can't help myself

With you gone, I am nothing without you  
Just a ghost chasing your memory  
Shaking, fading...a shadow where I used to be  
Baby, look what you've done to me

Well, you broke my heart to death  
And now the only thing that's left  
Are my emotional remains

I wish the silence would shut up  
Cause I've really had quite enough  
This slow burning pain  
I can't even cry for help

With you gone, I am nothing without you  
Just a ghost chasing your memory  
Shaking, fading...a shadow where I used to be  
Baby, look what you've done to me

How dare you make me love you  
How dare you make me love you

With you gone, I am nothing without you  
Just a ghost chasing your memory  
Shaking, fading...a shadow where I used to be  
Baby, look what you've done to me
