

More Than a Mystery

Richard Marx

Mesmerized since the day I saw you
Maybe somewhere I've misplaced my pride
In trying to prove I'm on your side
We're two of the many walking wounded

And all I want is to try to be the cure
So, well, never feel loneliness anymore

I wanna be declared your one and only
Hear you say that I'm your destiny
And I want you to be
More than a mystery to me

Am I making you feel uneasy?
Do you recognize the movie that were in?
Every game you swore you'd never play, you win
Do you want to know the truth about you?

Do you even hear the voices in your head?
Can't you see I'm hanging there by a thread?

I wanna feel your gentle arms around me
Wanna know the sweet taste of your kiss
Wanna hear you whisper
Baby, nothing's better than this

I wanna be declared your one and only
Hear you say that I'm your destiny
And I want you to be
More than a mystery to me

The more I reach out to you
The harder you are to find
How could I be so drawn
To something so unkind

Do I make you feel uneasy?
Am I saying any words
You want to hear
Love isn't really love without fear

I wanna be declared your one and only
Hear you say that I'm your destiny
And I want you to be
More than a mystery to me
