

## Looking For Trade

Richard O'Brien

I'm in a cul de sac  
And I gotta go back  
So come on feet  
We're gonna hit the streets  
We've got it made  
I'm looking for trade  
I'm looking for love!  
I'm looking for trade  
I need some young blood  
I need some young blood  
I need it now  
I need some young blood  
I need some young blood  
And we're gonna get it somehow  
I'm on a dead end street  
I'm like a dog in heat  
I'm like a kid with no toys  
I wanna get those boys  
Oooh, I can't delay  
I'm looking for trade  
I'm looking for love!  
I'm looking for trade  
Oh, we're all living  
Like there's no tomorrow  
The way things are going  
That's probably true  
But without you and me, sis  
The world would fall to pieces  
Vena Cava, who's the raver?  
Our raving savior, that's you  
I'm on a primrose path  
I'm looking for a little laugh  
Remember, it's no fun  
To be the chosen one  
There are games to be played  
Looking for trade  
I'm looking for love!  
I'm looking for trade!  
I need some young blood  
I need some young blood  
I need it now  
Ohhhhh, I need some young blood  
I need some young blood  
And I'm gonna get it somehow  
I'm looking for trade!
