

For Love Alone

Richard Smallwood

Do you sit by yourself and wonder what life is all about
If there's a purpose or a plan or does it happen by chance
Do you ever think why things always turn out right
No matter how bad you'll find your way again
I've learned how to keep it all together and now I know nothing
else matters

For love alone I live my life
And from this moment on I vow to never lose sight
If I ever doubt the reason why I'm here
I'll start questioning my fears and know it's for love alone
Time flies so fast
Live each day like it's the last
Cherish what you have
When it's gone you can't go back
Cause at the end of the day when we are face to face
I won't be afraid
I'm glad to say I've learned how to keep it all together
And now I know nothing else matters

what I have inside it will never die
for love alone I live my life
