

Here To Deliver

Richard Smallwood

Saw you standing on the corner of the street that turns to doubt
What were you doing?
Does the running from the questions that you wear you out
What are you proving?
You're searching and seeking
You're reaching, you're needing a Saviour
Call Me, I'll hear your cry
I'm as close as a prayer
And I'm here to deliver you
No need to ask Me twice
'Cause I'm here to deliver you
Is it true that you are everywhere but where you want to be
Caught in the fire?
Are you looking for a love that will finally set you free
Is that your desire?
Keep asking and seeking
You're knocking, you're needing a Saviour
Call Me, I'll hear your cry
I'm as close as a prayer
And I'm here to deliver you
Don't brag or plead
'Cause I'm here to deliver you
