

I Know You Now

Richard Smallwood

I looked at faith
I almost walked away
But I looked again
I found the nerve to close my eyes and say the words
To ask you in
And I heard no heavenly choir
No angels in white attire
i got no amazing super human
omnipresent powwer but....

CHORUS

I know You now
I know You now
I know You're in my heart
I know You now
Beyond the shadow of a doubt
I know You now
I look at peace, that once was out of reach
And now it's here
i read Your word that some believe is so absurd
But I hold dear, yea
'Cause You loved me with your dying breath
You saved me when You conquered death
