Let The Healing Begin

Richard Smallwood

I'm tired of these walls
That have held my captive heart
And I'm ready for the change
To come and reach me through these scars
I long to hear You speak
Sweet peace into my soul
Reach into the depths that no one knows
Let Your healing waters flow,
'Cause I'm...

Moving on, to better days

Let the healing begin

Up ahead, I can hear You call my name

Let the healing begin

Let the healing begin

Your love for me is deep

And Your mercy is so wide

Somehow you reach beyond the boundaries

Of all my foolish pride

So come and wash away these things

That have held me to my past

'Cause Jesus You're the one and only one

that can set me free at last, 'cause I'm...

Let it rain down (whoa let it rain down on me)
Let it rain down
Don't you know it's time for me to be
