

You're Not Alone

Richard Smallwood

Though you're blinded by tears and consumed by your fears
And your daytime has turned to night
You may be unaware, but there's someone who cares
And He's leading you to the light

You're not alone
Never alone

There are times when you feel that you're all by yourself
Like an island out on the sea
But that's the enemy's way of making you doubt
Cause God promised He'd never leave

You're not alone
Never alone

Hold on, stand tall
He won't leave you,
Won't let you fail
In your darkest hour
Just remember

You're not alone
Never alone

Hold on, stand tall
He won't leave you,
Won't let you fail
In your darkest hour
Just remember

You're not alone
Never alone

Promised never to leave me
Promised never to leave me alone
Promised never to leave me
