

Jet Plane In A Rocking Chair

Richard Thompson

Jet plane in a rocking chair
Roller coaster roll nowhere
Deaf and dumb old dancing bear
I'll change this heart of mine
This time, this time

Sea cruise in a diving bell
Run a mile in a wishing well
Soft soap and nothing to sell
I'll change this heart of mine
This time, this time

Here comes the real thing
I've been waiting, for so long
For so long
I've been looking for a love like you.

Crossed-line on the telephone
Crossed eyes and a canny moan
Cross fingers and head for home
I'll change this heart of mine
This time, this time

Play sick in a feather bed
Act cool when you're stony dead
I'm a fool with a size one head
I'll change this heart of mine
This time, this time

Here comes the real thing
I've been waiting, for so long
For so long
I've been looking for a love like you

Jet plane in a rocking chair
Roller coaster roll nowhere
Deaf and dumb old dancing bear
I'll change this heart of mine
This time, this time
This time, this time
This time, this time
