## Jet Plane In A Rocking Chair

## **Richard Thompson**

Jet plane in a rocking chair Roller coaster roll nowhere Deaf and dumb old dancing bear I'll change this heart of mine This time, this time

Sea cruise in a diving bell Run a mile in a wishing well Soft soap and nothing to sell I'll change this heart of mine This time, this time

Here comes the real thing I've been waiting, for so long For so long I've been looking for a love like you.

Crossed-line on the telephone Crossed eyes and a canny moan Cross fingers and head for home I'll change this heart of mine This time, this time

Play sick in a feather bed Act cool when you're stony dead I'm a fool with a size one head I'll change this heart of mine This time, this time

Here comes the real thing I've been waiting, for so long For so long I've been looking for a love like you

Jet plane in a rocking chair Roller coaster roll nowhere Deaf and dumb old dancing bear I'll change this heart of mine This time, this time This time, this time This time, this time
