

# Love Is Bad For Business

Richard Thompson

What time of day is this? O you really look a mess  
Clean down the tables and help out on the door  
It's just no good to me if you're in ecstasy  
Running all night with that boyfriend of yours

Love is bad for business  
Love is bad for business  
Love is bad for business  
Empties the tills and it don't pay the bills  
It'll do you no good  
Love is bad for business  
Love is bad for business  
Love is bad for business  
Runs down your stocks and it leaves you on  
the rocks

It'll do you no good

You better wipe that Mona Lisa smile off your face  
Clean up those broken dishes, scrub down the floor  
Wipe the stars out of your eyes, there's a job to do  
And you've been dreaming for three weeks or more

Love is bad for business  
Love is bad for business  
Love is bad for business  
Drives you insane but you're doing it again  
It'll do you no good  
Love is bad for business  
Love is bad for business  
Love is bad for business  
Pawn everything just to buy her a ring  
It'll do you no good

Love is bad for business  
Love is bad for business  
Love is bad for business  
Empties the tills and it don't pay the bills  
It'll do you no good  
Love is bad for business  
Love is bad for business  
Love is bad for business  
Runs down your stocks and it leaves you on the rocks  
It'll do you no good

Love is bad for business  
Love is bad for business
