Something's gotta give We can't carry on like this One year on and more unsure Where do we go from here? Many nights and many days I've spent with you Talking about what we should do I can't say Nothing's clear to me no more

One more sleepless night And another wasted day This song has no end Too many words fill my mind You gave so much too soon No longer sure where you want to be Turn around See what you have found

Let's drink to absent friends How they cared, and all they shared We took our life to the edge They still try to understand Time is running out You're going down Come on, let's go wherever they may be Make a choice Stay behind or follow me
