

No Hands

Richgirl

Boy the way i'm moving and got you in a trance
dj turn me up, like it's this
pop off a bottle and take it to the head
and i'ma put it over, watch me do it with no hands
girl drop onto the bar, love the way your body goes
i don't need to dance to make you watch me more
i could see the dirty dance

I ain't going coming to the club gets the motherfucker off

Boy the way i'm moving and got you in a trance
dj turn me up, like it's this
pop off a bottle and take it to the head
and i'ma put it over, watch me do it with no hands
girl drop onto the bar, love the way your body goes
i don't need to dance to make you watch me more
i could see the dirty dance

...and no dreams, can't watch those schemes
love is ...don't kill, is he what he gets this, dj this my favorite song
so i'ma make it, damn

Boy the way i'm moving and got you in a trance
dj turn me up, like it's this
pop off a bottle and take it to the head
and i'ma put it over, watch me do it with no hands
girl drop onto the bar, love the way your body goes
i don't need to dance to make you watch me more
i could see the dirty dance
