

Bad Things

Richie Kotzen

Have a little bit of faith in the things I tell you
Cause you know I really mean it
Have a little bit of trust when I say I love you
Cause you know I really feel it

I know I made some mistakes, but I'm trying to change them
I thought I could run away but I can't escape it

It's all the bad, bad things that I do
Because of the bad, bad feeling you have
But if you let me come around next time
I'll promise what I never could
And all the bad things will turn into good

Talk about the bad things
I wanna make you feel good
It's all, it's all the bad things

Sorry about, it took a long time for me to see that
But you know I finally see it
Little talk make you cry out to be deceived
Really want for you to see this

I really want you to know that I finally changed
It took a little really time, but I gotta face it

It's all the bad, bad things that I do
Because of the bad, bad feeling you have
But if you let me come around next time
I'll promise what I never could
And all the bad things will turn into good

Turn in to good...yeah, yeah

I'm proud to hear you finally say that you gonna trust me
Cause nobody has ever touched me the way you touched me
So every time I'm alone, it's time to take you home
Now that the bad things are gone, it's all up to you now

It's all the bad, bad things that I do
Because of the bad, bad feeling you have
But if you let me come around next time
I'll promise what I never could
And all the bad things will turn into good

Turn in to good...
Talk about the bad things, turn into good
