

The Shadow

Richie Kotzen

Shadows are livin
I know who they are
Don't tell me I'm crazy cause I'm too far
Shadows I live with
They watch when I fall
And no one can stop me from what I believe

Love is all I've never known
And all I've ever wanted to feel
But I won't ever feel...
And the shadow knows
The war in my mind
Shadows are resting in my soul
And the shadows breathes
The eyes see everything
Haunting in my heart until I die...

Wasting my time just trying to be
My friends have no faces just voices
Somehow they help me when I'm lost in my life
And give me the strength to get out of it

Love is all I've never known
And all I've ever wanted to feel
But I won't ever feel
And the shadow knows
The war in my mind
Shadows are resting in my soul
And the shadows breathes
The eyes see everything
Haunting in my heart until I die...
