Verse 1: Richie Rich

When I wake up in the morning first I yoke out

then I ???? pimp so I can smoke out

Good green opening up my third eye for sure

As I contemplate on which spot I'd like to go today

Damn, should I CDB again, I feel like loccin

fallin through every bomb spot in Oakland

I got the good but I just can't trip

Skyball TWAMP TWAMP for a piece of crip

Danl ???? that's the place to go

And my partner on the corner got the sack for sure

'84, I'm quick to look for booty hook

and if I'm fienin I need to see beamin

'cause, aah, them young brothers smoke the same way I smoke

But now all day I'm comin up short

Uh, I hope the town still love me

For some reason and my deceasing and my zoot's ain't fluffy

I need a pillow

Chorus: DeWayne Wiggins

Lay a drop on the pillow (Yeah baby)

And just relax, relax, relax (Cos that was made for you)

Lay a drop on the pillow (yeah baby)

I'll fly free sack (fly free sack), fly free sack

(Cos that was dove for you)

Verse 2: Rame Royal

By chance it might seem strange, many nights I dream

of trees on the range with branches of light green

Women slumbering get tossed like salad with cucumber

but can't stop me from gettin lost on the lands of broccoli

High! I shut em, close my eyes, cough, too much spirit goes

The cloud nine where I'm a lyrical wiz

Magical like Willow wit automatic flowin pillows

Get rolled in a bliz and consumed, that's how Rame Royal is

In my room at the villo, sun shines through blue blinds

on the window, lettin me know it's time

to go back to reality

Oakland, Cali

And a sack of indo left on the bed

next to my rizzy's head

Fulfillin wishes, I'm fillin phillies, Vegas and swishes

wit twenty reefers, sticky weed - minty and delicious

All I need and can axe for, a twamp to crunch

Probably won't want another blunt til lunch

Chorus

Verse 3: Richie Rich

Fell through Sophia's but didn't see her

Now I'm convinced that it's on when I fall through this red fence

I shoul'da flipped the whole thang when I had the chance

but that done broke my back like a bald bozack

On a late night, I lurk for sure and got a lot of dough

for the first cat with the platinum sacks
And, naw, it ain't a jack, you can hold my scraps
but pull a move and catch a lump to the back behind the scak
Richie Rich might walk a country mile, smilin all the way long
Wit dreams of pullin bongz, writin bomb songs
Buzzin with my cousin at the villo
stressin off a pillow

Chorus: DeWayne Wiggins

Lay a drop on the pillow (yeah baby)
And just relax, (just) relax, relax
(I know, I know, I know the sack was one for you!)
Lay a drop on the pillow (yeah baby)
I'll fly free sack, (fly free sack), fly free sack
(I know this sack was wrong for you)

Yeah ba-by!

Oooh yeah

Here we are gettin night endeavour

Don't worry 'cause it's gonna get better

I roll a fat one for you, yeah

Break it down 'cause it ain't no startin

Put a drop on the every bodin

And I'll blow a pillow with you
