

Church Of Desire

Richie Sambora

Woke up in a cold sweat
In the middle of the night
Seems like a lifetime
When you're wondering who's wrong or right
One confession would resurrect the truth
Revenge or forgiveness for sins between me and you

Now we dance with the devil down lonely
Street, lonely street

Looking for a window in the house of tears
Living in hell, I pray the rain disappears
I'm headed for a breakdown
And the fever runs higher
As I kneel at the altar I can feel your fire
In the church of desire
Church of desire

You never find a reason why love falls from grace
Some kind of voodoo, like a spirit you can't embrace
There's a voice in the mirror, and a ghost in my heart
That relives the passion before we were torn apart

Now we dance with the devil down lonely
Street, lonely street

Looking for a window in the house of tears
Living in hell, I pray the rain disappears
I'm headed for a breakdown
And the fever runs higher
As I kneel at the altar I can feel your fire
In the church of desire
Church of desire

Now we dance with the devil down lonely
Street, lonely street

Looking for a window in the house of tears
Living in hell, I pray the rain disappears
I'm headed for a breakdown
And the fever runs higher
As I kneel at the altar I can feel your fire
In the church of desire
Church of desire
