

# Pray with Me

Rick Astley

If you're ever gonna make this work  
You gotta pick yourself right up  
From out of the dirt  
You might need someone  
To give you a helping hand  
Show you how to love  
Make you understand  
Well you never thought that you would fall  
Now you're on your knees  
And you're about ready to crawl  
You need someone to rid you of your disease  
I'll tell you what to do  
Show you how to be

If you pray with me  
On your knees under the willow trees and  
Pray with me  
For what we need  
Might not be money  
Might not be gold

Let your love release your soul

Come on and pray

Won't you pray

With me

There's electric in your veins

It's burning you up  
And you can't stand the pain

You need someone to listen to your fiction  
But ain't left doing just one more addiction

If you pray with me  
On your knees under the willow trees and  
Pray with me  
For what we need  
Might not be money  
Might not be gold

Let your love release your soul

Come on and pray

Won't you pray

With me

Won't you pray with me

Won't you pray

Won't you pray

Won't you pray yeah

Show me emotion

Show me your pain

Let it out

So you can live again

Share your emotion

Share your pain

Scream and shout so you can love again  
If you  
Pray with me  
Come on and pray with me  
Won't you pray with me yeah  
For what we need  
Might not be money  
Might not be gold  
Let your love release your soul  
Pray  
Won't you pray  
With me  
Pray with me  
On your knees under the willow trees  
Pray with me  
For what we need  
Might not be money  
Might not be gold  
Let your love release your soul  
Come on and pray  
Won't you pray  
With me  
Get down, down on your knees  
Down on your knees yeah  
Pray with me
