

Whenever You Need Somebody

Rick Astley

I'll bring my love to you
I'll bring my love to you.
I've been stood up and messed around and taken for a fool

But next time round I'm gonna change the rules.
And I don't care about things that people say

It's you I think about each and every day.
It's much too late for you to change your ways

I can't keep holding on expecting you to stay.

When you're all alone and if you're feeling down

Call me
I'll be around!
Whenever you need somebody
I'll bring my love to you

You don't have to say you love me
I just wanna be with you.

Lost inside your love is where I wanna be

I'm just asking you to spend some time with me.
Time and time you say you wanna be free

And you can have some fun
that's okay with me.
You will never know just how good I feel

The joy inside of me makes me feel so real.

When you're all alone and if you're feeling down
. . .

I'll bring my love to you
I iust wanna be with you.
I'll bring my love to you
I iust wanna be with you.

It's much too late for you to change your ways

I can't keep holding on expecting you to stay.
When you're all alone and if you're feeling down
. . .

Whenever you need somebody
I'll bring my love to you

You don't have to say you love me
I just wanna be with you.
Whenever you need somebody
I'll bring my love to you

You don't have to say you love me
I just wanna be with you.
