Rick Derringer

Everyone seems kinda silly to me  
Running around never trying to see  
Looking for help in the telephone book  
Always trying to find the invisible hook

It's as easy as that if you wanna be free  
You can swim like a fish in the bottomless sea  
You can keep on rocking till the day you die  
And you never never even have to wonder why  
Some folks slip when they're out on the limb  
They think they went too far and rush to get back in  
So don't get scared when you see yourself  
Just thank the lord that you ain't nobody else.

I like to feel the heat, but I don't know why  
It's just as easy to live as it is to die  
I feel alive when I'm playin' that rock and roll  
Don't let nobody tell ya that you got no soul  
Love me now cause we're here alone  
And I'll love you with a fire that you've never known  
I'll love ya' deep inside so everyone can see  
It's the reason I'm alive it's the way to be free
