

# Come into My Life

Rick James

(C - O - M - E, come, come into my life)

(C - O - M - E)

(C - O - M - E)

Girl when push comes to shove and it's me you want to love

Come

Don't be afraid to hesitate, I won't hurt you or make you wait

If you come

Do you wanna get off this good time feelin'

That I got and got alot

Something deep inside tells me you're reelin'

Burnin' hot, you're burnin' hot

Don't you know that I'm the one

Knockin' on your door

Beggin' you for more

Come on baby, say that

Come into my life

Come on baby

It could be so nice

Yeah, yeah, yeah

(C - O - M - E)

Come here women

(C - O - M - E)

Tell me, how do you like my funk?

(C - O - M - E)

Girl when you're lonely in the night and you need a love that's right

Mama come

I will be there quick in a flash, even bring my private stash

If you come

Do you ever wonder why it's better comin' than to go?

Then tell me so

Don't you know I hate to see you runnin'

Cause then you blow and that's a no no

Don't you know that I'm the one

Knockin' on your door

Beggin' you for more

Come on baby

Come into my life

Come on baby

That could be so nice

Come on baby, baby

Come into my life

Come on baby

That could be so nice

Come on baby

Do it once or twice

Come on baby, yeah, yeah

(C - O - M - E)

Come here girl how do you like my funk?

(C - O - M - E)

How do you like my funk?

(Nice, think I'll do it twice, it was oh so nice)

(Do, do, do, do, do, do, do)

(Do, do, do, do, do, do, do)

Come here girl how do you like my funk?

(Nice, think I'll do it twice, it was oh so nice)

Baby
