

Gettin' It On (In The Sunshine) Reprise

Rick James

Give me my guitar

Alright now, just gettin' it on, in the sunshine

Everybody sing it out

Just gettin' it on, just gettin' it on now

Shine, I wanna sing

Just gettin' it on, feeling good at night, in the sunshine

Everybody sing it out

Just gettin' it on, just gettin' it on now

Save me a glass of that, please

Just gettin' it on, in the sunshine

Fire up that thing over there

Just gettin' it on, just gettin' it on now

Okay, that's all, give me a hit, okay?
