

# High On Your Love Suite

Rick James

Baby baby baby!

I'm high  
I can't come down  
Ever since  
You came around

I'm high  
there's no doubt  
It feels so good  
you're so far out

Baby baby baby girl  
You know you turn me on  
You are so sexy, sister, sing your song  
Baby baby baby girl  
You turn on all my fire  
And your sweet love takes me higher

I am high, high on your love

I'm high  
Too high to cope  
I'm high on love  
ain't had no dope, nah  
I'm high  
it's such a thrill  
You said I could  
I said I will

Baby baby baby girl  
You know you turn me on  
You are so sexy, sister, sing your song  
Baby baby baby girl  
You turn on all my fire  
And your sweet love takes me higher

I am high, high on your love

I'm high on your love now baby babe  
(Get on up, get on up)

Everybody get up, get high on the funk  
(Get stoned, get a little stoned)

Everybody get up, let's dance on the funk  
Sing on the funk  
Get high on the funk

High, love down baby  
Play on it

I am high, high on your love
