

Maybe

Rick James

Come on

When did your heart turn to stone?
When did the love light go out?
When did the feelings that you used to have for me disappear?
Why is your silence so loud?
I feel so lonely, even in a crowd
And all this time I thought that it was just my mind
Playing tricks on me again

Right now I know it's really so
You are gone away
It's so damn real the way I feel
I'm empty, ooh, empty

Maybe I might see you again
Maybe we could still be friends
Maybe after you have been free
You'll realize you still love me, yeah
Then maybe we could try love again
Maybe, maybe, maybe
Try love again
Maybe, maybe, maybe

When did the lies from you start?
They came like arrows right through my heart
And now I've got to try and live my life without you by my side
When did you make up your mind?
When did you finally decide
To spread your wings and fly off to another lover without saying good
bye?

Right now I know it's really so
You are gone away
It's so damn real the way I feel
I'm empty, ooh, empty

Maybe I might see you again
Maybe we could still be friends
Maybe after you have been free
You'll realize you still love me, yeah
Then maybe we could try love again
Maybe, maybe, maybe
Try love again, ah yeah
Maybe, maybe, maybe, yeah

Maybe if I meditate and try love again
You and I can still relate and try love again, ooh baby
Maybe if I pray tonight we'll try love again
You'll come back to me all right, all right
