

# R U Experienced

Rick James

She was lonely, looking for someone  
I was all that she thought I'd be  
She was wanting something special  
I thought it might as well be me

Come to my house, come to my room  
We'll have dinner and I'll serve thee  
Something sensual, deep in her eyes  
Somehow I knew she wanted me, yeah

Are you experienced?  
Whoa...  
Are you experienced, sexually?

Are you?  
Are you experienced?  
Are you?  
Are you?

She was watching, I was waiting  
And we both knew, what was to come  
Stop this waiting, anticipating  
Let's relax girl, and have some fun

Come to my arms, come to my lips  
Let me teach you with every move  
Bodies swaying, fingers playing  
It's so easy, just relax and groove, yeah

Are you experienced?  
Whoa...  
Are you experienced, sexually?

Are you?  
Are you experienced?  
Are you?  
Are you?  
Are you?  
Are you?

Girl there's no doubt inside my mind  
That if we spend a minute's time  
I'll bring more feelings out of you  
Than you have ever known  
I don't boast or brag and this you know  
I don't claim to be no Romeo or a Casanova Brown  
But girl, I can throw down

Are you experienced?  
Whoa...  
Are you experienced, sexually?

Are you?  
Are you experienced?  
Are you?  
Are you, sexu-  
Are you?

Are you?  
Are you?  
C'mon, c'mon, c'mon  
Are you?  
Are you?  
Are you?

Are you experienced?  
Have you ever been... experienced?
