

## River Of Love

Rick Price

When I'm in trouble  
When I'm sinking down  
Caught up in this struggle  
Stuck out on the wrong side of town  
Lord I know you won't forsake me  
You help me rise above  
Let your spirit take me down  
To the river of love

Wash my soul in your water  
Turn me around  
And I'll surrender all like I ought to  
When I go down  
To the river of love  
River of love  
Take me down, down down  
To the river of love

Dip my hands in your water  
So cool and clear  
Pouring down from the altar  
There's healing here  
Lord I know you won't forsake me  
You help me rise above  
Let your spirit take me down  
To the river of love

Wash my soul in your water  
Turn me around  
And I'll surrender all like I ought to  
When I go down  
To the river of love  
River of love  
Take me down, down down  
To the river of love
