

What's Wrong With That Girl

Rick Price

Oh so mysterious
One look is never enough
She stares out from her world
But this girl is givin' nothin' at all
You can try to get her attention
But you won't even catch her eye

What's wrong with that girl
(Can you tell me)
How to break into her world
(Can you show me)
What's wrong with that girl
(Can you tell me)
What's wrong with that
What's wrong with that girl

Midnight everything's movin'
But she's all alone in the room
And she burns like a flickerin' flame
While I'm standin' here in the rain
It's such a dangerous attraction
But I don't know the reason why

What's wrong with that girl
(Can you tell me)
How to break into her world
(Can you show me)
What's wrong with that girl
(Can you tell me)
What's wrong with that
What's wrong with that girl

Girl this is only
A crazy thought in my head
All reason disowns me
Must I leave it unsaid
I could show her some affection
But should I even try

What's wrong with that girl
(Can you tell me)
How to break into her world
(Can you show me)
What's wrong with that girl
(Can you tell me)
What's wrong with that
What's wrong with that girl
