Rick Ross

Kilo at the telly, bitch it's Makiaveli
Double M empire, I know these niggas fear me
I'm already rich, I'm tired of bein' famous
I done fucked all these bitches, I can't even name 'em
But if the bitch is bad, bring her, yellow stone on my finger
Mink coat, mine cheetah, before I fuck I'm gon' eat her
All I talk is that cash, Versace all in my bag
Dope all in my vein, hoes hollin' my name
White T still pimpin, Lenox Mall in a Bentley

Let me show you how to get right, whip an ounce of that white
Fast forward to a brick, now you livin' that life
I can get you out of my hood, I'm a billionaire in my hood
Tryna buy a piece of the Dolphins, 5% of them good

All you fake watch bustas, I'm the one to watch
