

I Know That It's Magic

Rick Springfield

I'm amazed at things you, you do it all with ease
I smile while everything you do drives me to my knees.

'Cause I know that it's magic and I know that it's magic
Yes, I know that it's magic in everything you try to do.

Many times I see ahead, I'll have to make a stand
Maybe I can call on you, I know you'd understand.

'Cause I know that it's magic and I know that it's magic
Yes, I know that it's magic in everything you try to do.

'Cause I know that it's magic and I know that it's magic
Yes, I know that it's magic in everything you try to do.

'Cause I know that it's magic and I know that it's magic
Yes, I know that it's magic and I know that it's magic
Yes, I know that it's magic and I know that it's magic
