

# Ordinary Girl

Rick Springfield

I see her there in her plain print dress and her fading youth  
Something about her opens up my soul  
Something about her speaks the truth  
When the sky is falling  
She makes the world go away baby and I tell the truth  
There's a plainness and a sameness to her touch  
Oh yeah and it's beautiful  
I love an Ordinary Girl  
Oh she's just an Ordinary Girl  
I say I love you I know it's just an ordinary sound  
We make love in our ordinary house  
Yeah it's built on common ground and we know it baby  
We go out walking on an Friday night in ordinary town  
There's a sameness and a plainness to it all  
Oh yeah and it's beautiful  
I love an Ordinary Girl  
Yeah she's just an Ordinary Girl  
Another day, another battle  
We shake the cage, our sabers rattle  
Nothing that matters comes easy  
Nothing that comes easy ever really matters  
Oh (everything I am) she's an Ordinary Girl (anything I plan)  
I love her (for everything that I stand)  
She's an Ordinary Girl (I'm just an ordinary man)  
Yeah she's (in everything I do) just an Ordinary Girl  
(In everything that's true) I love her (in everything I plan)  
Just an Ordinary Girl (I'm an ordinary man)...
