

Our Ship's Sinking

Rick Springfield

If I'm the one who caused your shipwrecked life
Then hold my hand, right to the fire
And I'll bear this cross of love
Enough for you, enough for me yeah
Even though the water's all around, climbing higher

Though our ship's sinking I'm rowing and I swear
I won't give up and I won't let go
So don't start thinking you're going anywhere
Cause I'm not ready to let you go

I booked a passage on a ship of fools
And I led the lamb right to the slaughter
We survived the storm somehow
I missed it then, I see it now and
It's a wonder I'm not laying face down in the water

Though our ship's sinking I'm rowing and I swear
I won't give up and I won't let go
So don't start thinking you're going anywhere
Cause I'm not ready to let you go

Though our ship's sinking, I'm sending out a prayer
And ten good reasons you can believe
So don't start thinking you're going anywhere
Cause I'm not ready to let you leave

Bruised sky I can hear the thunder
These chains would have dragged me under
It's a wonder I'm not laying face down in the water
Whoa, whoa, whoa

Though our ship's sinking I'm rowing and I swear
I won't give up and I won't let go
So don't start thinking you're going anywhere
Cause I'm not ready to let you go

Though our ship's sinking, I'm sending out a prayer
And ten good reasons you can believe
So just stop thinking you're going anywhere
Cause I'm not ready to let you leave

(Our ship's sinking) Whoa, whoa, whoa
(Though our ship's sinking) Whoa, whoa, whoa
