

# Spanish Eyes

Rick Springfield

Well I thought it out and if I'm thinkin' right  
She's been workin' on me out of sight  
She's got me whispering in the night  
Spanish Eyes

But you can call me superstitious I don't mind  
Strange feeling when her eyes meet mine  
She's got me thinking about her all the time  
Spanish Eyes

Hmmm, she loves to do it  
Oh mama don't you say that  
Not unless you mean it darlin'

I'm falling, I'm falling  
(For you darlin') Let me lie in your fields of ambrosia  
(It's something) She's doing (For real)  
And I know darlin' you've got me hypnotized with your  
Spanish Eyes

I've got a feelin' that I let you in  
I don't care what kind of trap she's trying to spin  
Dressed like a demon and she's out to sin  
Spanish Eyes

Now when I look in your eyes it's the sweetest thing  
But something tells me if I let you in  
I'll get hurt and its gonna sting  
Spanish Eyes

Ooh we love to do it  
Oh mama don't you say these things  
Not unless you mean it darlin'  
(I'm falling) I'm falling (For you darlin')  
Let me lie in your fields of ambrosia  
(It's something) She's doing (For real)  
And I know darlin' you've got me hypnotized

Sparks flying wheels turning  
Devil's scratching at the door  
Heart pounding head burning  
Little sister Mi Amor (my love)  
Oh Mi Amor (my love)  
Ooooooh  
Oh Mi Amor (my love)  
(I'm falling) I'm falling (For you darlin')  
Let me lie in your fields of ambrosia  
(It's something) She's doing (For real)  
And I know darlin' you've got me hypnotized with your  
Spanish Eyes

I'm falling, I'm falling  
For you darlin' let me lie in your fields of ambrosia  
(It's something) She's doing (For real)  
And I know darlin' you've got me hypnotized with your  
Spanish Eyes

(I'm falling) I'm falling (For you darlin')  
Let me lie in your fields of ambrosia  
(It's something) She's doing (For real)  
And I know darlin' you've got me hypnotized...
