

# Starlight, Starbright

Rick Springfield

Starlight, Starbright, come out of the dark

Hear me wishing on it, Starlight, hear me crying at the moon  
Oh, I'm wishing for you, Starbright (I'll get ya)

Starlight, Starbright, come out of the dark  
Starlight, Starbright, and into my heart

Every night hear me wish for you  
Every night hear me call your name  
Oh Starlight, its true (I'll get ya)

Starlight, Starbright, come out of the dark  
Starlight, Starbright, and into my heart

Starlight, Starbright, come out of the dark  
Starlight, Starbright, and into my heart

Starlight, Starbright, come out of the dark
