You left the room, without a sound
And as you both walked out, the people still
were dancing 'round
And when you touched, did it feel so bad
You didn't pull away, but now you wish you had
My baby's sad

Weep no more, I'm here beside you, even though you let me down Weep no more, let my love guide you, shelter you from all around Na Na Na Na Na Na Na Na

Were you wrong? Did you go too far? Sitting with him in the back seat of the car Though you were young, I guess he thought you knew Now it's just a little while before the baby's due My baby blue

Weep no more, I'm here beside you, even though you let me down Weep no more, let my love guide you, shelter you from all around Na Na Na Na Na Na Na Na
